

As a precaution, we will be implementing a variety of additional hygiene measures onsite at the show.

We will continue to work closely with our venues and contractors to implement the following practical, precautionary measures:

- Increased cleaning and disinfection programme across all high-volume touchpoints, e.g. catering areas, surfaces, handrails, WCs, entrances and exits
- Onsite medical support available
- Availability of sanitising and disinfection materials for public use will be placed in the following locations where possible:
 - o Foyer area, in front of the show entrance
 - o Baby Changing Area
 - o Baby Feeding Area
 - o Box Office
 - o Organisers' Office
 - o Dining Area
 - o Expert Advice Workshops
 - o Public toilets
- Awareness and training for all staff on standard personal preventative measures, e.g. personal hygiene, frequency of use of sanitising/disinfection products
- Signs onsite to advise all attendees of personal protection recommendations
- The Baby Changing Area and Baby Feeding Area will have running water facilities for the public to use
- We will have additional cleaners allocated to each feature area
- All high chairs, microwaves and changing tables provided for use by the public will be thoroughly disinfected before, during and after the show
- Where possible we are providing alcohol-based hand rub in the event space but you may wish to consider bringing your own alcohol-based hand rub
- We are enhancing cleaning in the general event space

If you have any incidents or concerns head to the Organisers' Office, which is located by the entrance to the show or email athena.periclis@oceanmedia.co.uk
